

Happy Day

Where's it come from?
Nobody knows but the Coronavirus
Just grows and grows.
Could be in that cardboard there,
On the table or the chair.
Please wash your hands
All through the day.
20 seconds is what they say.
Please keep safe and
Stay at home.
Only certain reasons
Given for you to roam.
You can shop
If given space
Cannot meet up face to face
Exercise we used to shun
Now we find it can be fun.
Jigsaws, crosswords, paperbacks
DIY and delivery packs
Help keep us occupied
Whilst all being
Isolated here inside.
This rhyme lacks meter.
But, so what?
I have to work with
What I've got!
We'll beat this virus
Come what may.
I cannot wait
For that HAPPY DAY!
