

**Pioneer Youth Minister/Missioner** :: a Diocesan missioner post (not a beneficed minister). Miss Stasi Kelly, based in the north of the Island from January 2018, will establish a local Christian presence among youth and families, developing new forms of Church alongside the traditional ones. She will also work across the island to support the development and resourcing of pioneer ministry and mission among young people, including development of young leaders.

**Town Centre Missioner** :: Working with Douglas Churches Town Centre Partnership, Rev Alex Brown, stipendiary Anglican curate in pioneer ministry, started in September 2017.

**SUMT Schools Team** :: Scripture Union Ministries Trust staff provide expertise and resourcing for young disciples. A volunteer co-ordinator helps local churches to be involved.

The three strands – the GF4G team – will work to identify, equip and support volunteers from all denominations in a range of events and offering one-to-one mentoring for young people. Funding support for 3 years has been granted from the CoFE Strategic Development Fund.

The **GF4G Steering Board** appreciate the involvement and support of all organisations involved:

**Douglas Churches  
Town Centre Partnership**

**Church Commissioners  
Strategic Development Fund**

**Scripture Union Ministries Trust**

**Sodor Partners**

**Private donors**

**Prayer**

Please pray for God's guidance in this adventurous initiative and for all involved. We pray for eyes to recognise the right people for the various tasks to be done and connections to be made; for the wisdom and generosity to nurture each participant; for a growth in confidence to share Christ's love; and for sufficient material provision to enable Christ's body, the church, to bloom now and for generations to come.

*There is a dedicated page on the Diocesan website with details of the GF4G project*
