

## 20 Year Material Guarantee Specification

To be eligible for a 20 year pour & roll Material guarantee you must comply with the following specification;

### The application must be a 3 layer system:

#### **1<sup>st</sup> layer application;**

- 36KG GLASS BONDING **3B** - 20M
- 34KG GLASS PERFORATED **3H** - 20M
- 26KG GLASS GREEN MINERAL VENTED **3G** – 10m

#### **2<sup>nd</sup> layer application;**

- 350 **SBS** Polyester Sand Underlay – 8m

#### **3<sup>rd</sup> layer application;**

- 350 **SBS** Polyester Mineral Capsheet – 8m

### **Specification Details;**

Use the above specification on:

- Rigid urethane and phenolic
- Direct to concrete, cement screeds, woodwool, plywood and particleboard.

This part bonded specification will consist of the above 3 layer system. The first layer being 3G vented base layer, followed by the layers of high performance underlay and capsheet.

The first layer, type 3G, forms the essential attachment of this specification, but also adds little to the waterproofing properties.
